(Customer usage would be from link on School District's homepage.)

Enter any of the following sample Student IDs:

Name	ID #	SS #	Birth Date
Jane Doe	12345	123121234	04121993
Sam Smith	23456	123122345	12121992
Sara Jones	23459	213212244	01011991

Click **Get Balance** to see that student's balance.

From the balance display screen the following actions may be performed:

- Click **View Recent Purchases** to open a window displaying recent purchases on the account.
- Click **Search Another** to return to the main entry screen and find another student.
- Click **View Cart** to view deposits made in the current session in the shopping cart.
- Enter an amount in the **Deposit Amount** field (*optionally* – specify a deposit type in the drop-down list) and click **Add to Cart** to deposit money for that student.

From the view cart display screen (reached by pressing **View Cart** or **Add to Cart**) the following actions may be performed:

- Click **Search Another** to return to the main entry screen and find another student.
- Click **Empty Cart** to remove all deposits from the shopping cart.
- Click **Check Out** to begin processing of credit card data from secure site.
(Demo version is not live with transaction processing gateway. Live version collects credit card data on another screen.)

When finished, click **Log Out [Close Browser]** link (or manually close browser) to disconnect from **Lunch Money Now** session. (Shopping cart data – no credit card information – is retained in a session cookie that is removed upon closing the browser.)
